

Trade your Mills Capital Markets account from anywhere

We have integrated the Matriz OMS platform, enabling you to trade directly in the markets with real-time market data. Below is an overview of the trading and analytical tools available to monitor your portfolio more intuitively and efficiently.

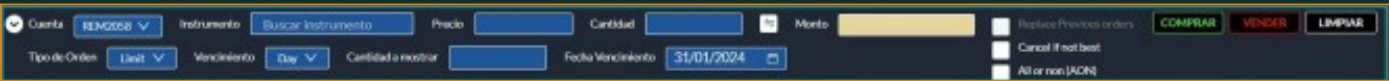

Depth of Market (DOM)

Select the instrument you wish to track for each order book. Panels can be freely customized and positioned across your workspace.

Order Entry

Seamlessly set all parameters and route new orders directly from the Market Depth panel.

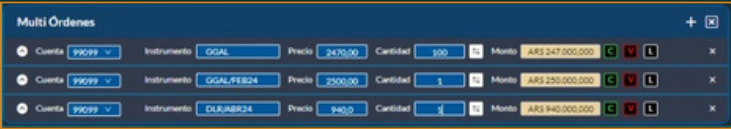

Order Management

Track comprehensive details of your submitted orders, including instrument name, quantity, execution price, average fill price, side (buy/sell), order type, and timestamp..

Order Management

SOI.BOS/MAY24	3	US\$ 273.5	-	✓	Limit	12:53:03	Canceladas		
SOI.BOS/MAY24	3	US\$ 273.5	US\$ 273.5	✓	Limit	13:04:37	Ejecutadas		
SOI.BOS/MAY24	3	US\$ 274.9	-	✓	Limit	13:22:56	Canceladas		
SOI.BOS/MAY24	2	US\$ 271.4	US\$ 271.4	✓	Limit	16:45:22	Ejecutadas		
SOI.BOS/MAY24	5	US\$ 271.9	-	✓	Limit	16:48:48	Canceladas		

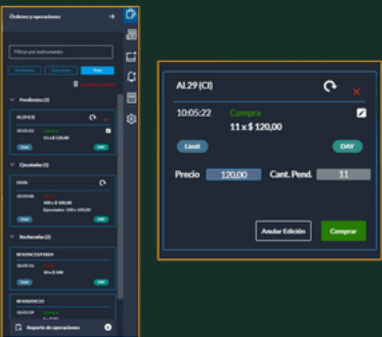

Batch Order Entry

Stage multiple orders simultaneously across different accounts and instruments, streamlining the execution of bulk buy or sell transactions.

Order Modification

Quickly adjust your orders as market conditions change. Only open orders can be edited.

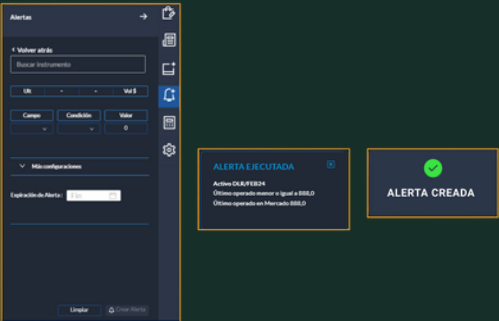

Customizable Dashboard

Create your own workspace using modular widgets. Each widget provides different options for visualizing real-time market data.

Price Alerts

Set custom alerts for your watched assets and easily manage them using "active," "triggered," or "all" filters.

PORTFOLIO REPORTING

Access a detailed breakdown of your portfolio's composition, view your holdings in both Pesos (ARS) and US Dollars (USD), and analyze your asset allocation through visual distribution charts.
